

1st ERMES ANNUAL MEETING

March 26–27, 2015

Valencia, Spain

The First Annual ERMES Meeting is scheduled in two days and will take place in Valencia (Spain) at the Hall of Residence Rector Peset (*Colegio Mayor Rector Peset*), which belongs to the *Universitat de València*.

Colegio Mayor RECTOR PESET

Plaza Horno San Nicolás, 4

46001-Valencia

<http://www.uv.es/cmripe/cas/index.htm>

It is located in a noble house of the centre of the city (see fig. 1) that in 1997 was rehabilitated and adapted to its new university function. There have survived some elements of interest as a linen of the Arab wall (XIth century), the Tower of Miramar (XVIIIth century), the fresco that decorates the main stairs (XIXth century) or the fresco placed on the arch of the main hall, work of the artist Damián Flores Llanos commemorating the 10th anniversary of the College.

Since its foundation, the Hall of Residence promotes and hosts cultural, academic and social activities directed at the university public and general citizenship, book presentations, concerts, exhibitions and lecture tours or popular science debates that have turned it into a cultural point of reference of the city of Valencia.

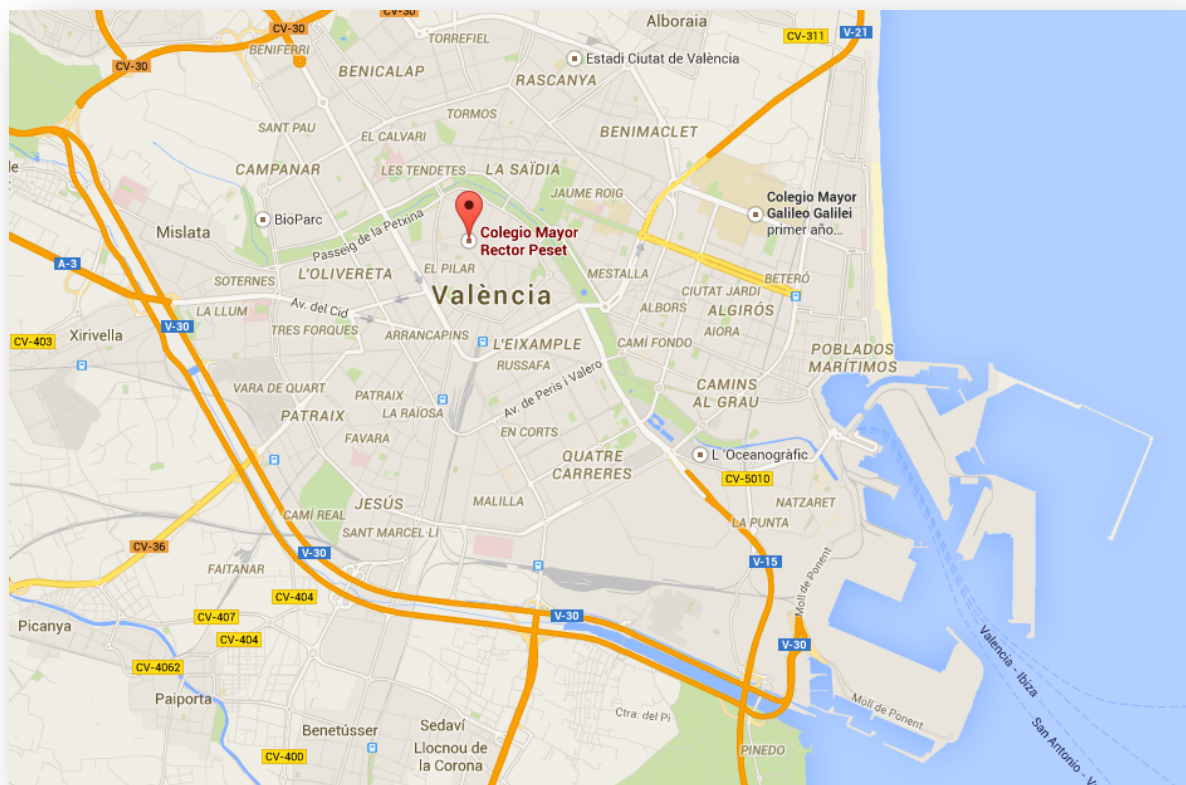

Figure 1. Location of the meeting place at the city center.

As Rector Peset is a Residence Hall, you can try to book a room there (see web above). However, it is rather difficult, since it provides residence with priority to the members of the University of Valencia (students as well as professors and researchers). Therefore, depending on the period of the year, you can be fortunated. Additionally, you can find below a short list of hotels that are close to the meeting place (a short, nice walk through the city center). Fig. 2 shows the location of these hotels. It is just to show you the recommended area where you should book.
